

Partner Reading Strategies

Did that make sense?

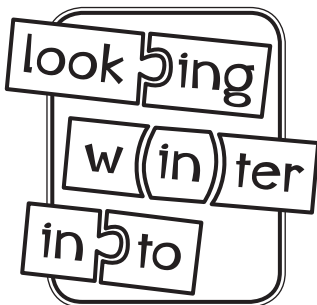

Reread and think what would make sense and make the first sound of the word.

Check the pictures!

Do you know a word like that?

Break the word apart.

Cover part of the word and look for a part you know.

Partner Reading Strategies

Your students can use the partner reading prompts to help each other during partner reading.

Directions: Make copies of the partner reading strategies for each student. We suggest printing the prompts on heavy stock paper and laminating the paper to protect it. Distribute the prompt card to each student and ask them to keep it in their book box.
